5 Watt LED Downlight

cleanray LED lighting is a practical and beneficial solution to issues like efficiency, economics and environment. This has helped us create lighting solutions which are clearly superior to the ones that are being deployed currently. With our LED technology, you can enjoy the benefits of lighting without the hazards of heat, insects or spiralling electricity bills.

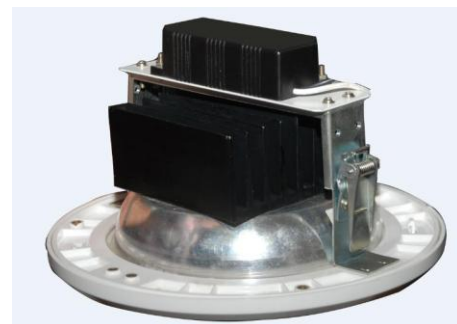

Product Description

The cleanray 5 watt LED down lights is energy efficient fittings, which can be ceiling mounted or surface mounted on POP (Plaster of Paris). These lights are made out of polycarbonate, a drop proof substance, with excellent electrical and mechanical properties. The fittings are built with high performance aluminum reflectors and acrylic diffusers to ensure enhanced and uniform light dispersion.

Mechanical Data.

The cleanray 5 watt LED down light weighs approximately 500 grams and uses an acrylic diffuser for enhanced light diffusion

Optical Data

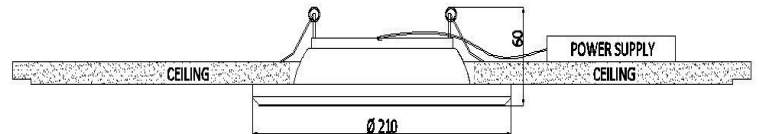

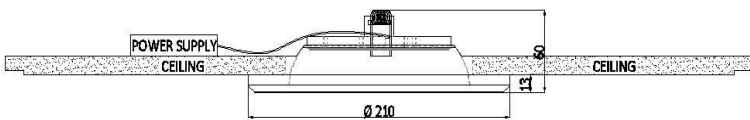

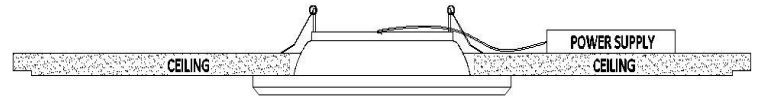

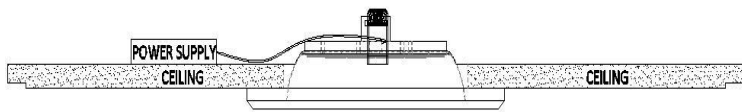

Fixture Output	450 Lumens initial
Luminous Flux	>70 Lm/Watt
CRI	> 75
Color	5500 – 6000 Kelvin

Electrical Data

Wattage	5 Watts
Input Voltage	240 V AC, 50Hz
Driver Type	Constant Voltage/Constant current
Power factor/Harmonics	>0.9 / <15%
